

Mortensen Woodwork, Inc.

Mortensen Woodwork prides itself in the fine, old-world craftsmanship that goes into its every project. A family-run business for two generations, Mortensen Woodwork combines today's most modern production equipment with the hand-made skills brought to America by its European founders. The result is interior furniture, fixtures and perimeter woodwork with an artistic quality and character unmatched in the woodworking industry today.

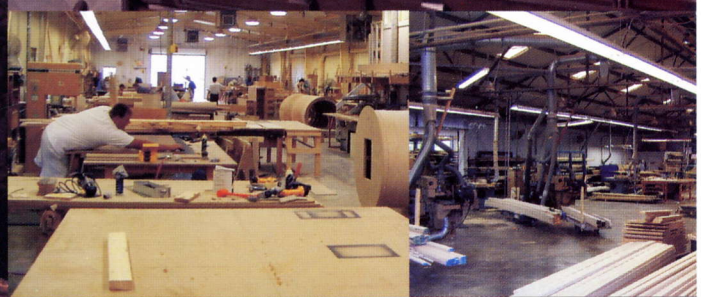

Ever since 1946, when Fred Mortensen Sr. began the business, Mortensen Woodwork has been obsessed with quality. From design to delivery. Whether starting from a blueprint or the back of a napkin. Mortensen woodwork designers bring your unique vision to life with finishes to match any aesthetic taste or existing woodwork, and do it in any species of wood.

Mortensen Woodwork is a full-service, turnkey woodwork manufacturer. A national leader based in Atlanta, Georgia, Mortensen Woodwork produces over 20 million dollars of fine interior fixture and perimeter woodwork each year.
